EXPERIENCE

1. Full Stack Developer Internship

The One Web Technology Pvt.Ltd
December 2023

As a Full Developer, I'm comfortable around both Front-End and Back-End coding languages, development frameworks and third-party libraries. In my internship career I learned various technology like HTML5, CSS3, JavaScript, Angular, and Bootstrap, Sql, C#, Asp.Net Core etc.

2. ACC Property Cleaning Services

The One Web Technology Pvt.Ltd

Role: Front-End Developer

Developed a responsive front-end interface using HTML, CSS, JavaScript, and Bootstrap. Created user-friendly layouts and seamless navigation to enhance client interactions and improve the overall user experience.

3. Tephra Enterprise

The One Web Technology Pvt.Ltd

Role: Front-End Developer

Developed a platform for managing the delivery of spring water to homes and businesses. Designed user-friendly interfaces and implemented functionality to streamline order processing and enhance customer experience.

4. sizzler

The One Web Technology Pvt.Ltd

Role: Front-End Developer

Created a simple, responsive website for wine distribution. Designed a user-friendly interface to showcase products and facilitate basic customer interactions.

5. Influencer Marketing

The One Web Technology Pvt.Ltd

Role: Full Stack Developer

Developed a full-stack platform connecting brands with influencers. Designed the front-end using HTML, CSS, JavaScript, and Bootstrap, and built back-end APIs to manage user data and campaigns. Integrated a database for efficient data storage and campaign tracking.

EXPERTISE

- Management Skills
- Creativity
- Negotiation
- Critical Thinking
- Leadership

HOBBIES

- Listening Music
- Reading
- Traveling

6. Barodian Market

The One Web Technology Pvt.Ltd

Role: Full Stack Developer

Developed a platform for managing appointments, services, and client records for a beauty parlour and salon. Designed the front-end with HTML, CSS, and JavaScript to provide a seamless booking experience. Built back-end functionality for managing appointments, customer data, and service details.
